Professor Humphrey's
SPECIFIC
Homoeopathic Medicines,
....FOR....
Families, Travelers, and others.
THESE Medicines have been carefully prepared, with a view of supplying families and others with Specific Remedies against all the more common diseases which occur in every day life. The list includes not only remedies for all the more common diseases, such as Coughs, Colds Headaches, Derangements of the Stomach, Fever, Worm Complaints, Diarrhoea, &c, but also for those more sudden and violent diseases which require to be met on the spur of the moment such as Cramp, Cholera, Dysentery, Inflammation &c, for whose treatment it is very important always to have the proper remedies on hand. There are also remedies for those more delicate Female derangements which a lady finds it so difficult to disclose, but yet a freedom from which contributes so much to the happiness and enjoyment of life
These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes properly labelled Each box contains 30 or 40 Pellets, and 16 boxes, for the different kinds, are enclosed in a case, accompanied with a small Manual or Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c, necessary for a cure Cases, also, containing four or six of the small boxes, are put up, which may be supplied with any of the different kinds at the option of the purchaser
The advantages of Specific Homoeopathic Medicines—In prescribing other Homoeopathic Medicines a dozen or twenty will be recommended for a cough, a headache, diarrhoea, or fever, and much care, study, and discrimination is required to select the proper one But here you have a Specific Remedy for each particular disease, and hence are able to use them with benefit and precision without that labor and study which the business man is so illy able to bestow, and without that research and examination which, to the mother, nurse or invalid, is so perplexing annoying, and unsatisfactory The advantages are so obvious as to commend them to all
Prepared by Dr F HUMPHREY, Auburn, N.Y., and sold by C. B WALKER, Agent for Maine, at 31 Main street

Cheap & Convenient Building.
Door, Sash and Blind Factory.
A. DUNBAR
HAS been very successful in completing several contracts for Door Frames, Doors, Windows, Frames and Sashes, and Blinds, for good dwelling houses and other buildings to be erected in this city, the coming season. He has excellent workmen in his employ, and has superior stock, so that he is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds, made to any dimensions and of superior quality, either for a whole building or for a less quantity The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure.
This business has now become so well systemized that only a small margin is left in knowing beforehand the cost of a dwelling house, while the work is of a uniform excellent quality
Any one interested can examine specimens of the work at the factory, near the Rose Place, or at the store of M S Jackson on Exchange st, and at either place any article may be obtained or large quantities ordered
Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice,
By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and so well organized is the business that no man should now think of building in the old and slow and imperfect methods

28 WINTER STREET!
VERY, VERY CHEAP!
FOR SALE AT
ADAMS'
WAREROOMS,
(Removed from Washington Street.)
Owing to the continual demand all through the past season for their peculiarly easy fitting CORSETS, they have been induced to order largely and would now offer the French English and German Corsets at unprecedented low prices together with all the beautiful varieties of MRS ADAMS' own French made Bodices, which are now too well known and appreciated to need comment It being the intention of Mrs A to sell all the Corsets that are to be sold in Boston this spring, owing to the prices, she would beg that ladies will bear in mind that 28 Winter Street is the only place where Mrs Adams is to be found it being the impression with some persons that she still has a store, or Corset Wareroom in her old neighborhood her desire is to guard her customers from such a mistake
Inquire of the Boston or New York Customs who is the most extensive importer of Corsets in the States They will tell you, GEO W ADAMS, of 28 Winter Street.— This establishment is conducted on most liberally low price principles and is at all times posted and amply supplied with every style of Bodice Jacket or Corset in vogue One or the other of this House is in Europe conducting the manufacturing and shipping the goods to this country—these facilities affording the means to sell much less than others in the business together with a determination to keep the lead by disposing of both low and high priced goods at a very fraction of profit. It is well known that Mrs Adams has long been at the head of her profession, having had during thirty years, much experience and opportunity for cultivating business talent in the best French and English schools, also she being the first woman patentee in America The celebrated ADAMS' PATENT ABDOMINAL SUPPORTER so justly pronounced by Sir Ashley Cooper and Sir James Clarke as the cleverest thing of its kind, is her own invention — Those in need of this article will please make personal application as above
For sale the FRENCH PATENT WERLEY CORSET of the Boston Agent, as above
Dealers can be supplied with Mrs Adams' French Busts for the exhibition of Corsets They may also be furnished with her French metallic cuts for advertising

JESUITISM!
THE CATHOLIC LETTERS,
Addressed to a Young Kinsman, about to Join the Church of Rome
BY E HASKETT DERBY, ESQ
In one volume, 12mo——Price 75 cents
These Letters, covering the whole Catholic question, are, without doubt the most able and learned resume of this subject ever given to the world.
The arguments and the conclusions are masterly and irresistable, and strange as it may seem for an eminent lawyer to leave Blackstone and Coke and, for a time bend the whole energies of his mind, with that keen sagacity peculiar to the legal profession to an exhausting research among the tomes of the Fathers of Theology, still the service which he has rendered to the cause of truth and the fact that his labors resulted in changing the life the course of a beloved kinsman, who would otherwise have joined the Church of Rome will ever be a cause for gratitude
One of the merits of the work is a spirited review of Bunsen Howson Conybeare Milner, and other modern writers and a well digested argument on the planting of the Church in Britain by St. Paul before the Roman Pontificate was founded
Rev Dr Peabody, in a note to Mr Derby, after a careful reading of proof-sheets uses the following language
"Your main argument it seems to me, is to the point and overwhelmingly conclusive. I hope and do not doubt, that it will do much good while it is honorable to yourself both as a parent and a scholar"
We believe this work is destined to become
A TEXT BOOK FOR PROTESTANTS
A vade-mecum of unanswerable arguments against the falsehoods of Romanism.

Whig and Courier.

Wheeler & Lynde, Proprietors.

TUESDAY, JULY 1, 1856.

National Republican Nominations.

FOR PRESIDENT,

JOHN C. FREMONT.

FOR VICE PRESIDENT,

WILLIAM L. DAYTON,

OF NEW JERSEY.

REPUBLICAN STATE CONVENTION.

The Republican State Committee have called the State Convention to nominate a candidate for Governor, and for two Electors at Large—to be held at Portland on TUESDAY, July 8th.

Each city, town, and plantation, to be entitled to one delegate, and "an additional delegate for every fifty votes according to the Republican vote for Governor in 1855. A fraction of more than twenty-five votes will be allowed one delegate.

Per call of State Committee, heretofore published.

Republican Caucus.

The Republicans of Bangor, and all others opposed to the present State and National Administration, are requested to meet at the City Hall, on THURSDAY EVENING next, at 7½ o'clock, for the purpose of selecting three Delegates from each Ward, and four Delegates at large, to attend the State Convention, to be holden at Portland, the 8th of July, to nominate a candidate for Governor, and two Electors at Large.

Per order of City Committee.

SPECIAL MEETING.

The Republicans of Bangor are requested to meet at their Head Quarters, at Cynosure Hall, THIS (Tuesday) EVENING, at 8 o'clock.

Per order.

There are two State Conventions holden in this city to-day, and there will probably be a good deal of noise and confusion in the streets. The bunker paper throughout the State have been for weeks drumming up all who expect anything of the "party," to attend the Buchanier Convention, and help make some show for the cause—and Capt. Swett and other runners have been laboring hard in the region round about Bangor, to induce people to come in to the "great demonstration." It has been heralded far and wide, in circulars and posters, as a "Grand *State* Demonstration," and is in fact a despairing effort to make a show of enthusiasm which does not exist for the Cincinnati nominee. We say a despairing effort—for there is not a well-informed democrat in the State who thinks there is the slightest chance of carrying Maine for Buchanan. Many of them openly admit that "the State is gone," and even that Buchanan has no chance in the Union against the enthusiasm for Fremont and Freedom which is spreading among the people and sweeping everything before it. The demonstration made here at the present time, is in the vain hope of effecting something at the State election. But it cannot be done! The people are against them, and every attempted combination, whether successful or not in its formation, will only recoil upon their own heads. There are changes enough against the false democratic party, openly declared, to carry the State against it by a majority of thousands. There is not a township or a school district in the State from which we have heard, that does not furnish its quota of changes against the pro-slavery party. The demonstration of to-day, be it small or large, will be but labor thrown away. The doom of the party was sealed at Cincinnati when Pierce, Douglas and the Nebraska bill were endorsed.

Thaddeus Stevens, a delegate to the black republican convention, thinks Fremont will be beaten in Pennsylvania by fifty thousand majority.—*Journal.*

This is a pure hunker falsification. Thaddeus Stevens says no such thing, and thinks no such thing. At the time of the Convention he thought that Pennsylvania would not be carried by any other man than Judge McLean, but the indications are now unmistakable, that the people are thoroughly aroused throughout the country, and that Pennsylvania will go for Fremont in common with every other free State and thus hurl from power a tyrannical and corrupt dynasty.

More Signs.

On board the Daniel Webster from Portland on Wednesday night, but one man could be found who would confess that he was for Buchanan. There were a large number of passengers on board. Nearly all the men, women and children "talked right out" for FREMONT. So says Mr. Bartlett, of the *Jeffersonian.*

A WHIG DELEGATE.—We notice that Abram Sanborn, Esq., whose name appears among the delegates to the Whig State Convention in this city to-day, is announced as one of the speakers at the "*democratic*" celebration of the Fourth of July in Dover—where he goes with Wyman B. S. Moore, and Samuel H. Blake.—Is Mr. Sanborn a Whig or a "Democrat?"

The citizens of Holden have made arrangements for a public celebration of the 4th of July. The address will be delivered by John S. Sayward, Esq., of this city.

The citizens of Hudson are to celebrate the approaching 4th of July, and addresses to be delivered by Joseph Bartlett, Esq., S. P. Dinsmore, Esq., and others.

There was an immense ratification meeting for Fremont and Dayton, at Albany, on the 15th. The Journal of that city says "No such mighty outpouring of the masses has been witnessed since 1840."

Capt. David Staples of Belfast formerly mate of the steamer Mehemon Sanford, died at Belfast on Sunday last. The Sanford had her flags at half mast when she left here on Monday morning.

The weather is now warm and pleasant, with frequent thunder showers, and the crops in this region are growing famously.

The State Convention, of the Buchananites, is to be held at Norombega Hall to-day, and the Straight Whig Convention at the City Hall.

Fillmore's Position—his abandonment of the Whigs—his indifference to the outrages of the day—Rowdyism of his New York Supporters.

The Boston Atlas has an article, which we copy below, upon Millard Fillmore's present political position, and the cold-blooded indifference with which, upon his arrival at home, he hears of the violated rights of freemen in Kansas, and of free speech beaten down with bludgeons in the Senate Chamber of the United States.

He, a northern man, once outspoken in favor of freedom, free speech and human rights, now looks calmly upon the utter violation of them all by the minions of the slave power. He raises not *his* voice to swell the just cry of indignation rising up from every patriotic heart in the land. *He* demands not that the aggressors be punished, or that the wrongs be righted. He does not throw the influence of his name, nor call upon his political friends to labor for the immediate admission of Kansas, in order to save her from the clutches of slavery,—nor does he raise his indignant voice for the instant expulsion of the assassin Brooks or the murderer Herbert from the halls of Congress. Nay, more—Mr. Fillmore, who stood out boldly as a free territory, Wilmot proviso man before he became a Silver Grey Whig, has now not a word to say as to the prohibition of slavery in the Territories. Now that this question is the only vital, practical one of the day, he opens not his mouth to sustain his formerly declared views and opinions. He does not, with the Republican National Convention, assert "the right and duty of Congress to abolish or prohibit Slavery in the Territories,"—nay, more, we have yet to learn that he *now* stands on that platform at all. On the contrary, we do know that he *cannot* stand on that platform and still be the candidate of the Southern Know Nothings, as he is. He is at least noncommittal on the prohibition of slavery in U. S. Territory—and in all probability, entirely opposed to such prohibition.

It is thus that Millard Fillmore stands to-day—the candidate of *Southern* Know Nothingism—repudiated and scouted by the Northern section even of the "American" party, and without the slightest chance of an election himself—still willing to stand in the way of the only political organization by which there is any chance of righting the wrongs committed by the false "democratic" party. Is there an honest, consistent man who will vote for him, simply because he in common with himself once belonged to the old *Whig* party? We do not think there is.

But we will give the article from the Atlas:

Whatever may have been his errors, it is perfectly true that Mr. Fillmore not long ago was highly esteemed by many respectable members of the Whig party, although while they were, we doubt not honestly, endeavoring to preserve its identity, he was among the first to desert it. He thought he saw in the early and remarkable victories of the Know Nothings, omens of success in the Presidential election of 1856; and we have now his own authority for saying that he is "an American," that he has utterly discarded the Whig party, although he has no objection to the votes of its members. There can be no question in the minds of intelligent men, that Mr. Fillmore thus shifted from his old position to a new one for the sake of the Presidency. He returns to America at a time when a fearful spirit of violence is showing itself everywhere in public affairs; when shameful excesses are committed by the myrmidons of the Government in Kansas; when the life of a free State Senator or Representative is not safe in Washington; when momentous issues are touching the public temper and monopolizing the public attention. He returns; and over the crowd which greets him, he showers vague generalities. We do not have from him a single word expressive of interest in pending questions. He has not a word of censure to bestow upon the Nebraska bill, upon the Kansas raid, upon the Brooks felony. This is stating his political short-coming very mildly. Unfortunately for Mr. Fillmore, his admirers have seen fit to adopt the bullying tactics of the Democracy, and to make him in some sort responsible for their violence. They began by tearing down the flag suspended in Broadway, and on which was emblazoned the honored name of Fremont. They kept up the work, breaking into a Fremont meeting, with threats of maiming and of murder. On Tuesday evening the National Hall, in Canal street, which had been secured for the use of the Fremont National Club, was taken possession of by a crowd of shoulder hitters, of short-boys, and of ballot-stuffers. The hostility of this aggregate of wrath, violence and vulgarity was especially directed against Mr. Van Riper, the President of the Club, who had ventured in this free country to renounce Mr. Fillmore, and to support the gallant pioneer of the Rocky Mountains. "Put him out," "Tear him down," "Cut him in pieces;" "Gouge his eyes out;" "Kill him;" Choke him;" "Cut his throat;"—these were the phrases employed by the mob. The President having escaped, they searched for him in closet and anteroom. They hooted, hissed and howled like indecent dogs. The object of their murderous wrath could not be found and the mob, shouting for Fillmore, marched to Fillmore's hotel.

How was it received? Did Mr. Fillmore, knowing that ruffianism is playing altogether too prominent a part in our politics, rebuke these lewd fellows of the baser sort, even by his silence? Not at all. When they shouted for him, he appeared. He called them "Fellow Citizens." He told them not to be discouraged." He told the howling animals, with infinite wagishness, to "be true to the Constitution and the Union."

We do not record this event with any pleasure. On the contrary, it gives us pain to see a man who has occupied the highest position, thus untrue to a great principle. It will give still more pain to those high-minded conservatives who had resolved to support Mr. Fillmore. They will hardly continue to anticipate, under the government of one who thus lends his personal sanction to violence, the return of peace and of order.

A BAD STATE OF THINGS. We learn from the New York Mirror that the terrible evil of false swearing has become so general in New York courts as to excite the apprehensions of the legal profession. On Wednesday evening a meeting was held at the New York University, to take measures to check this crime, now fast increasing in courts. It was stated that there are persons, mostly from the centre of Europe, who let themselves out to swear up or down a case; and Mr. Reed, a counsellor, remarked, that such uncertainty exists as to testimony which may be manufactured and brought up against their clients, that members of the bar are almost afraid to bring suits.—The remedy proposed was to form a society to investigate and cause such false swearing to be punished; that parties have power to bring a civil action for damages against a false witness; and that Judges and District Attornies be required by law to take cognizance of apparent perjury.

Benton's Speech at St. Louis.

Col. Benton is ostensibly supporting Buchanan, but it looks as if he intended to defeat him nevertheless. He is running for Governor against the regular ticket in Missouri, and in his speech at the ratification meeting in St. Louis on the 21st, he handles the Cincinnati platform without gloves, and denounces the Convention outright. We copy a few extracts:

He thus speaks of the motives for the repeal of the Missouri Compromise:—

"I know the scheme of those who contrived the deed, and the hard work they had in bringing some of its subsequent champions up to the sticking point. It was a plot for political power, hatched by politicians unknown to the people, and intended to make Presidents, by welding the Slave States into a unit upon the slavery question, governing the nomination by the two-thirds rule, and procuring from the Free States, by dint of Federal patronage, the twenty-nine votes which were necessary to carry the election. * * * *

Indemnity in public offices was openly promised to those who would betray their constituents—a promise which has been faithfully kept; and the only one of all that it made, which has been kept by this administration. Witness the violated pledges about the Pacific railroad, the reduction of duties, and a long list of others.

Col. Benton speaks of the Cincinnati Convention in the most withering terms of contempt. He says of what he saw there:

"I found a garrison of office-holders inside of the Convention, and a besieging army of the same gentry on the outside of it. Packed delegates were there, sent to betray the people.—Straw-delegates were there, coming from the States which could give no Democratic vote.—Members of Congress were there, although forbid by their duties from being at such a place. A cohort of office holders were there, political eunuchs in the federal system, incapable of voting for the smallest federal office, yet sent there by the administration to impose a President upon the people. * * *

Such was the composition of nearly one-half of the whole convention—custom-house officers, postmasters, salaried clerks, packed delegates, straw delegates, political eunuchs, members of congress, district attorneys, federal marshals. The place in which they met, and which had been provided by a packed administration committee, was worthy of the meeting. It was a sort of den, approached by a narrow passage, barricaded by three doors, each door guarded by armed bullies, with orders to knock down any person that approached without a ticket from the committee—and a special order to be prepared with arms to repulse the Missouri delegation which came to vote for Buchanan—a repulse which they attempted, and got themselves knocked down and trampled under foot.

This den had no windows by which people could look in, or see, or the lights of the sun enter—only a row of glass like steamboat sky-light, thirty-five feet above the floor. It was the nearest representation of the 'black hole' in Calcutta, and like that hole had well nigh become notorious for a similar catastrophe.—The little panes of glass above were hung on pivots, and turned flat to let in air. A rain came on, drove into the den; and to exclude it the panes were turned up. Smothering! smothering! was the cry in the den; and the glass had to be turned up again. Over this place was a small box for the admission of spectators, its approach barricaded and guarded, and entrance only obtained upon tickets from the same packed committee—and to whom they gave tickets was seen when the first votes were given for Buchanan; and when each State that voted for him was hissed—even Virginia; and the hissing only stopped by a threat to clear the galleries. Such is the pass to which the nomination of President is now brought."

The term "political eunuchs" Col. Benton applies to the clerks and office holders from Washington, who are not entitled to a voice in the Presidential election.

Col. Benton proceeds to discuss the foreign policy of the administration. After alluding to the failure to get up a war with Spain on the Black Warrior affair, the Africanization of Cuba, and the Ostend Conference, he says:

"By that time the chances for a war with Spain had run out, and seemed to be lost forever, when the chaparral government of Walker offered a new prospect more encouraging than the other. It was simply to acknowledge the government in the chaparral, let aid flow to Walker, a foot-hold be established in Nicaragua, and the invasion and conquest of Cuba be made by the United States citizens under the chaparral flag. That play was just commencing when the nomination at Cincinnatti extinguished the political life of its authors."

He ridicules the Quixotism of the administration on the Sound dues question, denounces the attempt to pick a quarrel with Great Britain, maintaining that our government does not occupy strong ground on most of the points in dispute. He says the Cincinnatti platform was concocted by the old janisaries, and produced at the moment the balloting was to commence—so as to make disorder in the ranks; but the trick failed; adding:

"It was received in a tempest of emulous applause, and extolled to the skies. I asked one of the most vociferous of these applauders, how he could swallow such stuff? He answered promptly, '*as I do ipecac, to puke it up again.*' It was a New Yorker, of course, who gave that naive answer; and I am sure his stomach would feel the cleaner after the relief."

The Colonel is here oblivious to the fact that Buchanan has heartily subscribed to and adopted this platform, sinking his own individuality in doing it. He denounces the Convention and the platform and leaves people to draw their own inferences as to the candidate who stands upon and heartily endorses the platform.

The Democrat in speaking of Mr. Noah Barker's remarks at the Republican meeting on Friday evening, says: that "he is one of the Republican patriots who ran off from Kansas at the first appearance of danger, and will live to fight another day." Mr. Barker up to the time of the Kansas outrages, was one of the strongest supporters of the late democratic party; and a braver man does not exist. The "Democrat" now blackguards him, as it does every honest man whose patriotism, consistency and self respect has obliged him to leave the pro-slavery democratic party. Mr. Barker *has* "lived to fight another day," (no thanks to the Democrat's border ruffian friends) and his fight will be a good and effectual one against the servile dough-faces who sustain the pro-slavery candidate and platform put forth by the Cincinnatti Convention.

We learn from the Lowell Courier that Flagg & Aymar's circus company were overtaken by a thunder shower, between Nashua and Concord, and four of their horses were struck down dead by the lightning—six of the company were also prostrated by it, but they revived and sustain no serious injury.

It might come every Wednesday in three hours from Bangor. Please insert my card of thanks to the post-office department in Bangor, for sending my paper last Wednesday when due.

M. S. GRINNELL.

East Exeter, June 28.

Letter from a Recent Straight Whig upon the Prospect in Maine.

We call attention to the following extracts of a letter from Portland, published in the *Boston Courier* of Saturday. The editor of that paper does not deny the truth of the writer's predictions, but cannot be brought to look with any favor upon the probable union between the honest Straight Whigs and the Republicans.

PORTLAND, June 28, 1856.

The prospects of the Republican party in Maine are now very bright. The nomination of Fremont and Dayton will prove acceptable, and the ticket will most probably have the eight electoral votes of this State. No reasonable man will deny this, and it would be difficult to find *any* man who really believes that Maine will go for Buchanan. No one was more bitterly opposed to the Republican party than I was at the last September election. I worked, wrote and voted against them, from the beginning to the end of the campaign—and I shall now work, write and vote with them, to the end of the Presidential campaign; for, on the national questions, I deem them to hold the correct position; while on State questions I thought and still think, that they were entirely wrong.

The Democrats base their hopes of success in this State on the prestige of their former success, their present influence as the dominant party, and the excellence of their nomination. Let us look into this.

I say nothing of Buchanan. He will be attended to shortly in very thorough style, by those who are well acquainted with the record of his past life and with the *stability* (?) of his political character. But a slight examination will show how much the success of the Democrats in the last State election gives them ground to expect success in the coming Presidential election. The Republicans tried to ignore the Maine law question, and drew all their arguments from the anti-slavery question. As it was a mere State election, this was obviously travelling out of the record. Nevertheless, obliged as they were to drag behind them the Maine law, they threw 51,000 votes, being a gain of about 6500. The Democrats ignored national questions, and passed at their Convention a resolution *expressing no opinion on the repeal of the Missouri Compromise,* and directed all their artillery against the Maine law and the State administration, of both of which the people were heartily sick, and yet threw only 48,000 votes. The Whigs, who allied themselves with the Democrats in opposition to the Maine law, threw about 10,000, which carried the election. Now, of the 48,000 votes thrown for the Democratic candidate for Governor, *not one can be considered as endorsing the national administration,* since the convention expressly refused to do it in the platform which they formed. The 10,000 Whig votes were thrown for a candidate who stood on strong anti-slavery ground, and nearly all of those votes will be thrown this year against Buchanan. A large part of the Democratic votes were thrown by Whigs, with the hope of electing Wells by the people. Thus if, in thirty days from the State election, we had held a national election, the defeat of the Democratic candidate would have amounted to a moral certainty.

Since that time, what influences have not been at work in favor of the Republicans? The candidate of the Democratic party endorses principles, and holds opinions, which are abhorrent to the feelings of the entire North. That party has completely and absolutely approved of the conduct of a cowardly bully, who beat, with a club, under the most atrocious circumstances, a man who simply gave his opinion on the great question now before the country. The determination of the slaveholders, through their tool, the Democratic party, to make slavery a national institution, has been openly and fully expressed. The supineness of a *Democratic* administration, when the people's rights were assailed under the most aggravating circumstances, has shocked and disgusted every lover of freedom. A venal press shouts with feeble voice the loathsome war cry of the party, and a few office-holders mutter with tingling cheeks, and downcast eyes, the repulsive words which their hard masters have put into their mouths. It is the most ridiculous thing in the world to hear men talk about the success of "Buck and Breck," and did we not know that they predict as they do, in order to feed and clothe themselves, it would be positive'y incomprehensible.

The Democrats see that it was only the Whig vote that helped them to power last year, and they are making an effort to get the Whigs to join their party. They will fail. No Whig in his senses could vote for a man that stands on the present Democratic platform, if he votes for principles, and not for success and office. *All those who go into convention as Whigs, and counsel an alliance with the Democrats, will eat their own words so plainly, that they will lose all the influence they ever possessed;* though I have no idea that any Whigs, who really possess influence with the party, will hazard the attempt. But if the Whig leaders should conclude to falsify their past principles so much as to join the Democratic party, they will be extremely mortified to find how few of the rank and file follow them.

Truly, yours,

W.

ANOTHER SUDDEN DEATH.—We are pained to announce the sudden death of another of our citizens. Last evening, 29th, between six and seven o'clock, Elisha Ayer, clerk of the Gas Company, went to his office for an errand, but feeling faint, he did not dare to go in, and started for his residence on State street, being obliged to rest several times. Mr. D. M. Howard met him sitting upon the steps of Dr. McRuer's office and called the doctor to his aid.

He complained of a singular and painful sensation in his arm, extending across his chest. He however seemed to get relief and walked home, a short distance, and upon entering his house, fell down and instantly expired. His disease, like that of Mr. Decrow who died Thursday evening, was of the heart. Mr. Ayer was about 50 years of age, and an estimable citizen.—*Journal.*

How it goes in Kennebec.

The *Gardiner Home Journal* says, June 26th:

"We know not how it is in other quarters of the State, but in this city, so far as we can learn, those who were "straight whigs" last year go for Fremont and Dayton almost unanimously. And the Wells party is very likely to be considerably diminished before election.—The pro-slavery force will here be just no force at all. Its vote will be hardly worth making a return of. Buchanan on a Pierce platform is considered a very small improvement on the real Pierce. The sugar-coating is altogether too thin to ensure a second dose of the same pill. From present indications, we should say, the Fremont and Dayton ticket will get full three-quarters of the vote of this city.—*Gardiner Journal.*

The Louisville (Ky.) Courier (formerly a Whig paper, but now supporting Buchanan) is "inclined to think" that he will carry every Southern State, although it says:

"The contest will be very close in Maryland, and the Benton split may lose him Missouri.—The vote of Maryland is doubtful, as the Old Line Whigs there seemed inclined to go for Fillmore, and their influence may change the scales in his favor."

The Courier further remarks that "stranger things have happened than would be the success of Col. Fremont in the pending Presidential canvass."

RHODE ISLAND LEGISLATURE.—*Providence, June 26.* The General Assembly have elected Samuel Ames, Chief Justice of the Supreme Court, and William R. Watson, Auditor.

The Caucus, postponed the Senatorial election of January, by the casting vote of the Chairman.

THE DAILY WHIG AND COURIER

On account of the storm we are without our usual dispatches this morning.

The cars last evening brought in about 500 delegates to the several Conventions to be held to-day. The Bangor House was crowded immediately on the arrival of the cars, and we suppose other houses were also full.

Jim Myers to the Public.

A report having been put in circulation, through the medium of malicious and interested parties, that Mlle Louise, the young lady who was to make the grand ascension upon a single wire in front of Jim Myers' Great Show, had fallen and killed herself, the proprietor in publicly contradicting the artless falsehood of the whole story, and in an attempt for its vile authors, feels impelled by a sense of duty to expose the base motives which instigated the slanderous rumor. The mean[illegible] had its origin in one of the hangers-on of a rival establishment, who, envious of the well-earned popularity and unprecedented patronage lavished upon Jim Myers' establishment, hoped to injure it by spreading the report that one of its conspicuous attractions had been destroyed. Towards Jim Myers great pleasure in announcing the perfect health of Mlle Louise, and that she has performed her astonishing feat every day since the commencement of the season, besides having on previous occasions repeatedly walked over some of the principal streets in Paris at an elevation of 100 feet from the ground. She has never fallen off her wire, or sustained the slightest injury from accident of any kind.

And furthermore, Jim Myers has the only company where Cinderella is performed—the only one where a man walks the ceiling feet up and head down—the only exhibition where outsiders can witness a lady make an ascension on a wire to the ground—and, in fact, the only show worth seeing in the country, and the only one that performs all it promises in its bills.

Persons living at a distance from town, are respectfully notified, that Mlle Louise will make her grand ascension in Bangor on Thursday and Friday, July 3d and 4th, at precisely half past 1 P. M., outside the Pavilion of Jim Myers' great show, walking upon her single wire a distance of 500 feet, and to an elevation from the ground of fifty feet, provided the weather is not stormy.

Worth Reading. WHEN, by long study and many experiments, a physician has discovered a new principle in medicine, by which pain may be removed and disease cured, more surely and effectively than before, it immediately becomes his duty so to bring it before the public as to give to all an opportunity to profit by his discovery. For this reason the proprietor of the Allied Ointment and Syrup offers his preparation to all who are afflicted with Scrofula, Salt Rheum, Cancerous Humors, Fever Sores, Pimples, and other eruptions, with the assurance that in nearly every case where they have been tried they have effected permanent cures. Every agent can give reference to persons in his vicinity who have been cured by them. Sole agents for Bangor and vicinity, GUILD & HARLOW, Corner of Exchange and York sts. june11

JOE PENTLAND'S

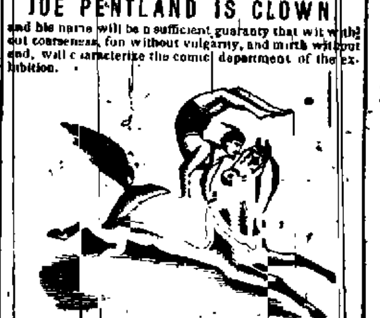
CIRCUS!

Numbering 150 Men and Horses! *By far the Largest and most Perfect Establishment that will be exhibited in the Eastern States this season!*

NEWLY equipped and greatly augmented for the year 1856, it is confidently believed, will be found to present a combination of novel and attractive features, which will more than sustain the high reputation which it has attained in former years. Now, as heretofore, the management will endeavor to deserve success by giving the public a full equivalent for their money, and performing even more than they promise, thinking a well deserved popularity honestly gained by fair proceedings, much more desirable in the end than any mere temporary advantage, which may be obtained by resort to clap trap and humbug. In short, having received the appellation of the

Model Circus of America! They are resolved to maintain it by giving performances which it shall be impossible to excel.

JOE PENTLAND IS CLOWN, and his name will be a sufficient guaranty that wit without coarseness, fun without vulgarity, and mirth without end, will characterize the comic department of the exhibition.



JOE PENTLAND'S CIRCUS WILL EXHIBIT *At BANGOR, on STATE Street,* Thursday & Friday, July 3d & 4th. July 3d, two Performances, at 2 and 7, P. M. Doors open at 1½ and 6½. July 4th, THREE GRAND REPRESENTATIONS, commencing at 10 A. M., 2 and 7 P. M.; the doors being opened half an hour previously. ADMISSION, - - - - 25 CENTS.

Prominent among the great troupe of STAR RIDERS AND GYMNASTS Attached to this establishment will be found the well known names of HERNANDEZ, THE GREATEST OF LIVING RIDERS! Who has just returned from a protracted tour throughout Europe, and who, in all the capitols of the Old World, as throughout the length and breadth of North America, is universally acknowledged to excel in grace, daring and skill, any equestrian who has ever appeared before the public. The enthusiasm excited by his extraordinary feats in London and Paris, was positively without parallel, and now that he reappears in his native land, after an absence of seven years, he will doubtless meet with a reception which will remunerate the management for the vast expense they have incurred in securing the services of this incomparable artiste.

MAD'LLE ELOUISE, The youthful and accomplished Lady Equestrian, the most dashing and spirited female rider who has ever appeared in this country, and whose startling acts of equestrianism executed upon a *Bare Backed Steed*, have gained for her the undisputed title of FAIRY QUEEN OF THE ARENA.

THE NICOLO FAMILY, From the Gymnase Comique, and Cirque Olimpique, Paris; the Theatre Royal, Drury Lane, and Astley's Amphitheatre, London, beyond doubt the most versatile and accomplished gymnastic performers upon earth. A full description of the wonderful feats of these artistes would occupy more than the entire space devoted to this advertisement—there is only room to state that for originality, classic elegance, and perfect execution, they surpass anything of the kind ever witnessed upon this side of the Atlantic.

MR. S. P. STICKNEY, The unequalled Four and Six Horse rider, the best in the world is also included in the troupe, together with a host of *Scene Riders, Trick Riders, Tumblers, Acrobats, Posture Masters, Equilibrists, &c., &c.* Too numerous to particularize by name.

A JUVENILE TROUPE Of Infantile Performers is included in the array of talent attached to the company, and the performances of these prodigies of equestrian and gymnastic skill, form an eminently novel and attractive feature of the entertainments.

The Brilliant Performances Given by this Troupe, include every imaginable variety of *Daring and Extraordinary Acts of Horsemanship, Wonder Inspiring Gymnastic and Acrobatic Feats, Comic Equestrian Burlettas, Miracles of Sagacity by Trick Horses, Educated Ponies, and Performing Dogs.*

The company on entering town on the morning of the day of exhibition, will make a GRAND PROCESSION through the principal streets, headed by the GORGEOUS MUSIC CAR, Devoted to the conveyance of the WASHINGTON BRASS BAND, Led by the celebrated composer and conductor, Sig. Kurr.

At any quantity of superfluous gas bag, and in bill escaping from minor and inferior establishments, we deem it unnecessary to give brief sketches of the unrivalled performers attached to this establishment, but assert that we have the best Clown in America, JOE PENTLAND, whose off-hand repartee, sarcastic humor, exuberant wit, exquisite polish, classic attainments, fastidious taste, and inexhaustible originality—rare qualities in clowns—has no equal. His bon mots, wise innuendoes, and witty sayings, have been set to music by his brother merrymen in all parts of the country. A discriminating public will be pleased to have this assurance of the exclusion of vulgarity, ignorance, and often indecency, with which the important department of clowning is unfortunately sometimes disgraced.

We have the best Single Rider in America,
We have the best Female Rider in America.
We have the best 4 and 6 Horse Rider in America.
We have the best Scene Rider in America.
We have the best Acrobats and Tumblers in America.
We have the best stud of Horses and Ponies in America.

We have, beyond dispute, the best exhibition in America, and we have the company that performs all it advertises, which is the most remarkable feature in the equestrian business in America.

For further Particulars, see large and small Bills at the Hotels. Will also exhibit at Wiscasset, June 25th, Damariscotta, June 26th, Thomaston, June 27th, Rockland, June 28th, Camden, June 30th, Belfast, July 1st, Frankfort, July 2d, Orono, Saturday, July 5th, Oldtown, Monday, July 7th, East Corinth, Tuesday, July 8th, Dover, Wednesday, July 9th, Dexter, Thursday, July 10th, Pittsfield, Friday, July 11th, Unity, Saturday, July 12th. june17

The two most popular Equestrians in the United States, Mr W. W. Nichols, and Miss Louisa Wells, In their choicest acts and scenes of Horsemanship.

The far-famed, world-renowned and unrivaled GERMAN ACROBATS and Gymnastic Masters, the Brothers Segrist, The inventors and first performers of 'La Perche,' 'La Trapez,' etc. These artists, together with MADAME SIEGRIST, Will also perform in her very celebrated *Grotesque Ballet Pantomime*, in which they will introduce all their wonderful feats, tricks, and comical changes.

His Imperial Highness, Jim Myers! Emperor of all the Clowns! High Priest of Fun! Prince of Jesters! Grand Duke of Nonsense! and the soul and body of wit! The new only recognized *Clown of the Times!*

The performance of the magnificent Horse FIRE FLY, rode in the Grand Manege act by Mrs C. L. NIXON, Illustrating in a Series of Beautiful Feats of Equitation, a Modern School of Lady Equestrianism with the saddle.

Mr Davis Richards, an Equestrian attached to my establishment, will do more feats upon a bare backed steed, without saddle or bridle, than any other rider in the world can accomplish upon a pad or saddle, with all the usual performing accessories.

Gratuitous Outside Exhibitions. The CAR OF BEAUTY. On the forenoon on the day of the arrival in town, a Magnificent Procession will be given by the Troupe, through the principal streets, in which will appear the *Majestic Car of Beauty* with a superb *Tableau Vivante*, formed by 24 children representing the characters as they appear in CINDIRELLA, in full dress.

About half an hour previous to opening the doors of the great Pavilion of Exhibition, should the weather permit,

A Terrific Ascension! Upon a SINGLE WIRE, by a LADY, *Mad'lle LOUISE*, will be made outside the Pavilion, to a height of 50 feet from the ground.

Persons living at a distance from town are notified that the Grand Procession, including the Car of Beauty, will take place between 9 and 10 A. M., and the ascension by Mad'lle Louise upon the Wire about 1 P. M., to witness both of which of course there will be no charge.

Brief Sketches, Of the Star Performers attached to Jim Myer's Unparalleled Circus:

JIM MYERS himself first saw the light in Providence, in 1829, and commenced his equestrian career with the veteran Aaron Turner, a manager who has raised more distinguished performers than all the others in the profession put together.

DAVIS RICHARDS was born in Va. in 1832, and apprenticed to Gen'l Rufus Welch in 1841. Nine years after he made his first bow to a Philadelphia audience in the great act in which he has no equal.

W. W. NICHOLS claims No. Adams, Mass., as his birth place. He commenced the study of the equestrian art with his brother S. H. Nichols, in 1830, and is now the greatest *backward somerset* rider in the world.

AUGUSTE and FRANCOIS SIEGRIST, twin brothers, look to the banks of the Rhine for their home, and when quite young were placed under the tutelage of Monsieur Ourmane the elder, then the most accomplished teacher in Europe.

THOS. WYATT, the great Protean rider, first opened his eyes in N. York.

MONS BENOIT, from Paris, the most expert trainer of horses in America, whose skill can be seen in the performances of splendid horse 'Fire Fly.'

M'LLE LOUISE, pupil of the celebrated Cooke.

MRS. C. L. NIXON, an American Equestrienne, of whom it may be said with truth, that she has few equals and no superiors.

Mess. ROSS, BENNETT, LYNCH, TRYON, and WILSON, all of American birth, are living evidences of what Yankee enterprise can accomplish.

In addition to the above host of unrivaled performers, Jim Myers' Circus is the *only one* in which the *Fairy Legend of CINDIRELLA*, performed by 24 beautiful children, can be witnessed.

Make up your Parties in time! Jim Myers' Great Show! *IS COMING!*

Particular Notice! *MD'LLE LOUISE* will positively make a Grand Ascension upon a single wire, 200 feet, in front of Jim Myers' Great Show, at 1½ o'clock P. M. on the 3d and 4th. This announcement is made for the information of those living at a distance from the city in order that they may be in town in time to see the novel exhibition.

The rumor of M'lle Louise having fallen from the wire and injured herself, is incorrect—the lady having never met with the slightest accident during her performances.

Admission to the Pavilion and the entire Great Show, 25 cents. No half price. DOORS OPEN AT 1½ & 6½ O'CLOCK. For further particulars see small bills. d&w

Singer's Sewing Machines.

ALL PERSONS who desire to obtain full and reliable information respecting *SINGER'S SEWING MACHINES*—their price, capabilities advantages, sizes, improvements, method of working, means of procuring them, and all other particulars—can do so by applying at our office,

No. 323 Broadway, New York,

by letter or in person, for

I. M. SINGER & CO'S GAZETTE.

This paper is devoted entirely to the Sewing Machine business. Copies will be supplied gratis to all interested.

N. B.—The unparalleled success which has attended the Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the great principle of

Holding down the Fabric to be Sewed to the Surface of the Machine, by a yielding pressure,

which is used in all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines are two of the each infringe three distinct patents owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages.

☞ Local Agents wanted to make sales of our improved sewing machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved machines exchanged on liberal terms for old machines of every kind.

OFFICE of the Commissioner of Lotteries.—*Baltimore, April 18, 1856.* The undersigned, Commissioner of Lotteries of the State of Maryland, being in receipt daily of letters from various portions of the country, making inquiry as to Lottery Schemes with which the country is flooded, and which purport to be *"decided by the Drawings of the Maryland Consolidated Lotteries,"* takes this method to answer all such letters of inquiry, and inform the public *that all Lotteries purporting to be decided by the Maryland Drawings are Gross Frauds*; that certain parties, who style themselves Morris & Co., and pretend to be Managers or Sole Agents for the Grand Charter Lotteries at Cleveland, Ohio, are impostors, and said Lottery is forged, having neither legal or presumptive existence; and that another fictitious firm, styled Murry & Co., Cleveland, Ohio, are also impostors, and all Lotteries which they profess to be managers or agents for, are also frauds.

RICHARD FRANCE, of Talbot, is the Contractor for drawing the Maryland Lotteries. The business is conducted under the firm of R. France & Co., as Managers, and they have no sole agents in the city of Baltimore. There are, however, about forty licensed venders for the State of Maryland, who derive license under him through this office, to sell tickets in the Maryland Lotteries.

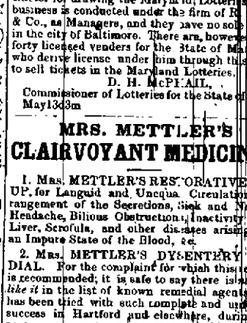
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN,

.....AND.....

NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, besides giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what is already known.

For sale, wholesale or retail, at *No's 16, 17 and 19 Cents st Street, Bangor.*

This Fluid Extract is recommended to cure all the above complaints. It searches out every root of the diseases, driving out all the diseased matter of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of Infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity*—And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional diseases arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pimples in the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in form, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians of the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ accordingly to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired if not rendered totally inert, by the unskilful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

BALTIMORE, Jan. 8, 1856.

Messrs. C. & J. Marshall—Gentlemen: At the request of your Agent in Baltimore, in regard to our opinion and experience of your copper-coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced, and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper.

We have used some of your Spikes in old vessels as a substitute for copper, and have had occasion to draw them out a year afterwards, and found them with the coating as firm as when they were driven, and with no appearance of oxidation.

Very respectfully yours,
